- Films - The films include Jason and the Argonauts, The 5000 Fingers of Dr. T (a veritable goldmine of FRP ideas), The Lost World of Sindbad (Starring Toshiro Mifune!), The Seventh Voyage of Sindbad, and a 1930s Musical fantasy.
- Guest Dungeon Masters - These good and dedicated souls may be persuaded to do additional runs in their rooms or in yours. Prizes will be made on the basis of what a character accomplished and how well the player played his character. Those wishing to make an official run must pay the DM \$2.00.
- Other Competitions - There are no charges for the other competitions.
- Fantasy Ancients Game - These games will be refereed by Greg Stafford (creator of the White Bear and Red Moon game) using the Perilous Encounters rules soon to be available from the Chaosium. This is not a competition. The rules are simply learned and a lot of fun.
- On Competitions - Potential Players should familiarize themselves with the rules as a courtesy to other players. This is especially true of Stellar Conquest. It will be assumed that all players know the rules.

See you February 18-20, 1978 at the Leamington Hotel, 19th & Franklin, Oakland, CA
